MASS TIMBER SEMINAR

SWEDEN EDITION

INFORMATION:

Peter Nyberg - Rothoblaas Försäljning Teknik
T. +46 735 737 343 - mail: peter.nyberg@rothoblaas.com

"Already successful in Continental Europe, Rothoschool lands again in Scandinavia. Mass Timber industry is with no doubt exponentially developing worldwide, and sees in Nordic countries a key hotspot for its improvement. The seminar envisages a rich program of themes and speakers, empowering the native know-how yet fetching international knowledge, and aims to present the completeness of the latest trends for buildings made of wood. The meeting will be introduced with essential topic of flanksound transmission, the audience will be further advised of the crucial fire resistance matter and importance of smart design, completing with a hands-on approach to construction and the resourceful innovations available."

COURSE CODE: RFINGSE

PROGRAM

MASS TIMBER

SEMINAR

8.00 - 8.30	REGISTRATION AND REFRESHMENTS
8.30 - 8.45	COURSE PRESENTATION Peter Nyberg Rothoblaas
8.45 - 9.45	MODERN CONNECTIONS IN THE NEW EUROCODE 5 Robert Jockwer Chalmers, Division of Structural Engineering
9.45 - 10.00	 BREAK
10.00 - 11.00	SOUND INSULATION IN CLT BUILDINGS: AN INTRODUCTION FOR THE INDUSTRY Simone Conta Norwegian University of Science and Technology (NTNU)
11.00 - 12.00	FIRE DESIGN OF CLT ACCORDING TO THE NEW EUROCODE 5 Michael Klippel & Joachim Schmid Ignis - Fire Design Consulting, Switzerland
12.00 - 12.45	 LUNCH
12.45 - 13.45	BUILDING PHYSICS AND MOISTURE CHALLENGES IN TIMBER BUILDINGS Yutaka Goto Chalmers, Division of Building Technology
13.45 - 14.45	INNOVATIVE PRODUCTS Alessio Maffeo Rothoblaas
14.45 - 15.00	 BREAK
15.00 - 16.00	CREATIVITY IN CREATING WOOD PROJECTS Karin Löfgren Ph.D Arkitekt SAR/MSA, Woodbuilding strategy, AIX
16.00	ROUND TABLE - END OF MEETING

PRICE 129 €

all inclusive
