## VERTICAL MILLING MACHINE

### CODES

| CODE     | description                   | pcs |
|----------|-------------------------------|-----|
| MA91A901 | MAX3 vertical milling machine | 1   |

|                               |                     |
|-------------------------------|---------------------|
| Grooving depth                | 0 - 55 mm           |
| Diameter shank tool Ø         | 8 mm                |
| Suction nozzle Ø              | 29 mm               |
| Number of nominal empty turns | 10000 - 24000 1/min |
| Power absorbed                | 1100 W              |
| Weight                        | 3,1 kg              |
| Universal motor               | 230 V / 50 Hz       |
