

WBAZ

STAINLESS STEEL WASHER WITH SEALING GASKET

WATERPROOF

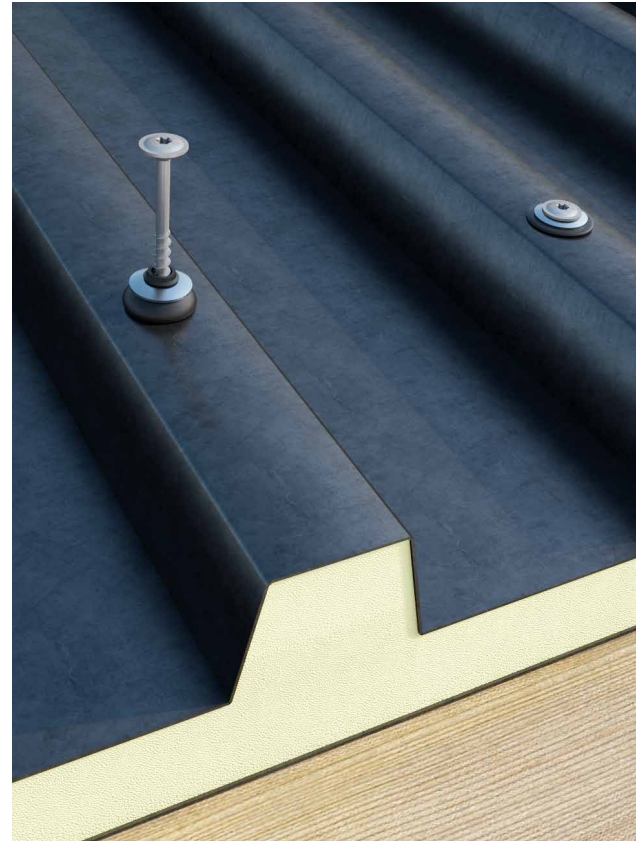

Perfect watertight closure and excellent sealing thanks to the EPDM sealing gasket.

RESISTANT TO UV RAYS

Excellent resistance to UV rays. Ideal for outdoor use thanks to the adaptability of the EPDM gasket and washer in stainless steel A2 | AISI304.

VERSATILITY

Ideal for use on sheets (thickness: up to 0.03 inch) in combination with TBS EVO Ø6 (0.24 inch) in screws, that can be installed without pre-drill, or with MTS A2 | AISI304 screws, installed with pre-drill.

EXPOSURE CONDITION

ATMOSPHERIC CORROSIVITY

MATERIAL

A2 | AISI304 austenitic stainless steel (CRC II)

EPDM gasket

FIELDS OF USE

Ideal in combination with TBS EVO, TBS EVO C5 or MTS screws for fastening metal sheets to timber and metal substructures exposed to weathering and UV radiation.
