

rothoblaas

we're looking for you!

TECHNICAL DIRECTOR

Rotho Blaas, with its roots in South-Tyrol, is the Italian multinational company, which has made technological innovation its mission. Always engaged in the improvement of the sector, today Rotho Blaas is one of the world's leading companies in the development and supply of products and services for timber building professionals.

1 WHAT YOU CAN EXPECT FROM US:

- A dynamic business environment, which promotes the exchange and confrontation of ideas within a team of experts in their field
- A multicultural and multilingual environment with direct and informal communication between all levels of hierarchy
- A stable job in a rapidly expanding company, which is internationally active, but well rooted in its own territory

2 YOUR TASKS:

- Responsible for the entire product area for both wood construction and fall protection sector
- Strategic planning of the product - development, ensuring continuous innovation and improvement of the performances and applications of the products, with the support of its team
- Ensure that product certifications are obtained and maintained
- Participation in conventions and conferences as a speaker and expert (national and international)

rothoblaas

we're looking for you!

3 YOUR PROFILE:

- Experience in wood construction and structural/architectural design
- Master's degree in construction engineering (civil, construction, energy, etc.)
- Experience in human resource management
- Excellent knowledge of Italian and English language
